

Outdoor Dome IP Camera Housing

VAHB-60

This high-quality, environmental enclosure is engineered to protect network pan/tilt video cameras from physical and environmental damage.

Compatible with many leading brands of IP-based pan/tilt/zoom video surveillance cameras.

Heavy-duty mounting bracket conceals all cabling and can be installed on any vertical surface. Optional pole and corner mount adapters also available.

Camera installation is simplified with the built-in power supply, while the heater and blower keeps your camera in proper operating temperatures.
